Sergeant Bissett	Okay	00:14
Inspector Steven Stewart	I think the em...I spoke to him about five minutes ago and he was saying that they resuscitated him for 45 minutes and they were on about minute 38 or something like that...	00:15
Sergeant Bissett	Alright okay	00:23
Inspector Steven Stewart	so it's probably no good for him. The Media Officer is in at Fettes so she's linking in with them. There has been some loophole that the calls appear or they're going straight to her but there has been some report em, some daily record reporter saying...suggesting that a female officer has been stabbed in Fife but	00:24
Sergeant Bissett	Kirsty down here also took one from Radio Clyde...asking if it was... to confirm a police officer had been stabbed.	00:41
Inspector Steven Stewart	Yeah. Well, what would...what would, there is going to be a full statement sent out but eh... [REDACTED]...the media at Fettes. Now I don't know if the...I actually think the media phone in a separate number, an outside number and she answers it so I would'nae give them that number direct, if you could just tell them that there's someone...	00:48
Sergeant Bissett	Preparing a statement	01:10
Inspector Steven Stewart	Preparing a statement	01:11

Inspector Steven Stewart	At his address	1:26
Sergeant Bissett	Yep	1:27
Inspector Steven Stewart	Just listening to the radio just know. [PAUSE TO LISTEN TO RADIO.] Right that's okay [inaudible]. I spoke to Stephen Kay and I was saying that em that you know, what was his sort of em recollection of the incident or how did he see it. He said it was over before it started type thing. They've basically gone out, straight onto him eh they've sort of heard the...I put out a message. He'd put out a safety message but by that stage eh...just the next thing the emergency button is activated. I think what's happened is he's...they've come across him straight away got out the car and he's run at them em and he's a big guy, eh massive by all accounts and I think he's probably been under the influence of the drink of something like that and em he has been in possession of knives so they've had to just react instantaneously so there's no time for anything but em	01:28 01:40
Sergeant Bissett	All things given then they're probably fortunate that they came out as well as they did	02:30
Inspector Steven Stewart	Absolutely, absolutely so em we will wait and see what happens, but that was the latest update from	02:36
Sergeant Bissett	That's fine I'll just update Scott cause he's the senior manager at the moment but I'll go over and speak to him. So it's not looking good for him.	02:40

Inspector Steven Stewart	It's not looking good for him just now and it's been view rated and it's just a case of keeping quite tight lipped about it but you will anyway....he's doing a good job as well...[inaudible]	02:47
Sergeant Bissett	No no that's fine, I'll pass it on	03:01
Inspector Steven Stewart	And if there is any more information I'll get in touch with you.	03:02

Inspector Steven Stewart	Okay, take care.	03:06
Sergeant Bissett	Buh- bye	03:07
