I have been asked to give a statement to the Police Investigations and Review Commissioner. I have been informed of the role of PIRC and why they have become involved in this investigation. I have explained that I was on duty on the morning of 3rd May at Victoria Hosp, starting at 07:30hrs. I have also explained that I was involved in the medical intervention of a casualty, which may have a connection to this incident. I have knowledge of the medical intervention but have agreed with PIRC officers that I will give a further statement of my involvement with reference to documentation at my place of work. At this time I will provide a statement of my observations during my commute to work on the morning of the 3rd May 2015. I left for work at 07:10 driving a silver Puegeot 208 [REDACTED] proceeded to Burnam Road onto Fair Isle Rd. At the end of Fair Isle Rd I turned left onto Templehall

WITNESS STATEMENT

Avenue. At the end of Templehall Avenue turn right at the roundabout onto Hendry Road. I slowed at the mini roundabout to turn onto Hayfield Rd and I observed a male who was black. I thought he was in his twenties and he was wearing white top with writing and dark jeans. He was on the road taking a position at the centre of the road walking towards me. I stopped because he was in my way. I then saw him with a knife. I think it was in his right hand. The blade was approximately 20cm long. I also wish to state as the man approached my car, he had his hands in the air with the knife in his right hand and I was terrified.

I made an action to ensure my door was locked. I then drove away over the mini roundabout and stopped just before the next road to the left and looked in my rear view mirror approximately six house blocks away and stopped to phone 999. To report this event I stopped the car about 6 to 8 blocks away to phone 999 and to make sure he wasn't following me. I looked in the rear view mirror and observed the taxi. As I looked back I saw a white taxi with the taxi number on top. The taxi drove over the mini roundabout and came down Hendry Road. I wanted to be sure he was not following me. I told the call handler for 999 that there was a man on Hayfield Road with a knife and I was asked for a description which I passed. He was wearing a white Tee shirt and was black. I then went through the housing scheme passing through Hazel Avenue, Wilson Avenue to Laurel Rd, my place of work. I was given my briefing and went to Resus. I was then informed of a standby for a cardiac arrest which concerned me as I thought the man I may have observed with the knife had done something to someone else as the standby was coming from Hayfield Road. I observed the man who came in suffering from a cardiac arrest and I identified him as the man I had saw earlier carrying the knife. I have given a sketch of the knife to assist in identification.

I have provided this sketch to help with my description of the knife that the man was carrying (**note:drawing of knife on original statement**).

I wish to confirm to the best of my knowledge that this is a true and accurate statement of my observations.
