SECTION 3 [Free text]

I am currently a Detective Constable carrying out the role of Intelligence Officer with the Major Investigation Team, East, stationed at Kirkcaldy Police Station.

On Tuesday the 28/07/2015 I was working a 0800 – 1800 hours tour of duty.

About 0900 hours, same date, I was tasked by my supervisor, [REDACTED] (not a witness) to research published briefings on Police Scotland intranet and Scottish Intelligence Database in relation to threats to UK police officers.

During my research I found a message published on 16/01/2015 from Deputy Chief Constable Iain Livingstone entitled "Police Personnel Threat Level Increased to Severe"

The message outlines various areas of everyday and work life that officers should continue to vigilant and alert towards. There are no specific threats to officers.

On 19/02/2015 a "Stay Safe" message was published on the Police Scotland intranet outlining recent terrorist attacks in other parts of the world.

A reminder message from Assistant Chief Constable Ruaraidh Nicolson was highlighted to all P Division officers via email on 07/05/2015 which focused on personal and workplace safety. This message was very similar to that dated 16/01/2015.

A search of the Scottish Intelligence Database proved negative at my level of authorisation.

I took no further part in this investigation.
