APPOINTMENTS

Current Appointments: Partner in Forensic Pathology Services, a partnership with ten independent Consultant Forensic Pathologists providing services to the Metropolitan Police, Surrey, Sussex, Kent, Thames Valley, the Home Counties, East Anglia and the West Midlands. Apart from providing a general forensic pathology service I also carry out specialist joint examinations with paediatric pathologists in cases of paediatric suspicious death. I have been on the Home Office Register of Forensic Pathologists since 1992.
Honorary Consultant at Great Ormond Street Hospital.

Relevant Previous Appointments:

1984-1989 Police Surgeon, Metropolitan Police.

March 1989 – Nov 1998 Consultant Cardiac Histopathologist at Papworth Hospital, Honorary Consultant at Addenbrooke's Hospital.

Nov 1998 – April 1999 Senior Lecturer, Department of Forensic Medicine, Guy's Hospital campus, King's College London

April 1999 – Oct 2001 Director of the Department of Forensic Medicine, Guy's Hospital campus, King's College London

PUBLICATIONS

Over fifty in peer reviewed journals, mainly in relation to cardiovascular pathology and co-author for research articles including neurological trauma.

ACADEMIC AND RELATED ACTIVITIES

Past Chairman of the Specialty Advisory Committee for Forensic Pathology at the Royal College of Pathologists

Examiner for the Royal College of Pathologists in forensic pathology.

Convener and Examiner for the Society of Apothecaries for the Diploma in Medical Jurisprudence.

External examiner for a number of other organisations including in the past for PhD theses.

PROFESSIONAL AND LEARNED SOCIETIES

Fellow and Past President of the British Association in Forensic Medicine.

Member of the Pathological Society of Great Britain and Ireland.

Member of the British Cardiac Society.

Member of the Forensic Science Society

Fellow of the Faculty of Forensic and Legal Medicine, Royal College of Physicians

TEACHING

I lecture both senior and junior police officers regarding scene examination and about forensic pathology in broad terms. I am involved in teaching students. I regularly participate in seminars in my specialty

AREAS OF EXPERTISE

General Forensic pathology, paediatric forensic pathology, head injury, injuries due to firearms and explosives (including in relation to counter-terrorism), complex cases involving causation issues.

Throughout the past thirty years I have developed an interest in sudden death during restraint and I have given expert evidence at numerous legal proceedings

COURT EXPERIENCE

I am regularly called as an expert witness on behalf of both the prosecution and the defence in fatal and non-fatal criminal cases including cold case reviews and medical malpractice hearings.

I have significant experience in Family Court Proceedings.

I have ad hoc experience in civil proceedings.

I have extensive experience in Coronial Inquests.

I have given evidence at Fatal Accident Inquiries.
