States :

I am employed as a Deputy Senior Investigator with the Police Investigations and Review Commissioner (PIRC) based at Hamilton House, Hamilton Business Park, Caird Park, Hamilton. I have been employed in this role for over two years.

On the evening of Saturday 2 May 2015, I was the duty on call Deputy Senior Investigator for the PIRC with a responsibility to respond to any out of hours contact by Police Scotland or the Crown Office and Procurator Fiscal Service regarding any significant incidents involving Police Scotland officers or staff.

About 0935 hours the following morning, Sunday 3 May 2015, I received a telephone call from Mr David GREEN, COPFS, who made me aware of an incident, involving

WITNESS STATEMENT

officers of Police Scotland, that had happened earlier that morning. At this time Mr GREEN was only in receipt of basic information regarding an incident in the town centre area of Kirkcaldy, which occurred about 0700 hours. This resulted in Police Scotland officers attending the area having been informed that a black male, in possession of a knife, was causing a serious disturbance at this location. At this time I commenced my operational notes,

Prod No DSI Harrower Operational Notes - Death of Sheku Bayoh

in a bound booklet. This booklet was used by me between 3 and 4 May 2015 to record information from meetings, discussions and telephone calls between representatives of Police Scotland and COPFS relative to the investigation.

Mr GREEN confirmed that a number of police officers attended this incident and on their arrival an altercation took place between this, as yet unidentified male, and the officers. During this altercation he told me that CS spray had been discharged and the officers had used their batons. He added, that during a subsequent struggle the male collapsed and an ambulance was summoned. He was subsequently taken to hospital where life was pronounced extinct at 0904 hours. Mr GREEN directed me, on behalf of PIRC, to carry out an independent investigation into the circumstances surrounding the death of the man. He informed me that formal written confirmation of his direction would be forwarded at a later stage.

About 1001 hours that morning, I telephoned Superintendent Craig BLACKHALL, the on call Police Scotland Professional Standards officer. Superintendent BLACKHALL provided me with a brief overview of the circumstances of the incident known to him at that time. At this time the identity of the deceased and the location of the initial incident were not known to him. He made me aware that Detective Superintendent Patrick CAMPBELL had been appointed the Police Scotland Senior Investigating Officer (SIO).

About 1010 hours that morning I contacted Senior Investigator Richard Casey of PIRC and made him aware of the circumstances at that time. I thereafter made arrangements for a number of PIRC officers to respond to this incident and initially attend at the PIRC offices in Hamilton for briefing and other purposes.

About 1022 hours that morning I contacted Detective Superintendent Patrick CAMPBELL by telephone and he provided me with a summary of the incident from the Police Scotland perspective. At this time he stated that he believed there were seven police officers involved in the incident and the officer safety equipment worn by them was being taken possession of. He also stated that Police Scotland Federation Representatives were in attendance at the office. I confirmed at this time that the status of the police officers was witnesses.

Detective Superintendent CAMPBELL also confirmed that the locus of the incident involving the police was in Hayfield Road, Kirkcaldy which had been secured by police. He also indicated that the now deceased was believed to be Sheku BAYOU (incorrect spelling) Born: 30 September 1983, Collette Bell's home address at Arran Crescent and he had been reported missing by his partner, the now witness Collette BELL. He

OFFICIAL - SENSITIVE

WITNESS STATEMENT

confirmed that a press release had been made by Police Scotland confirming that an incident took place, but it was not in the public domain that the man was dead.

From enquiries conducted by Police Scotland, Detective Superintendent CAMPBELL confirmed to me that there had been some linked incidents prior to the altercation with the police, one of which was at his home address at [redacted] Co.ette Be's home address at Arran Crescent, Kirkcaldy which was in the process of being secured by police. Following further discussion I instructed Superintendent CAMPBELL to leave the body of the now deceased secured at the Victoria Hospital, Kirkcaldy.

About 1155 hours that morning, at the PIRC offices in Hamilton, I provided a briefing to PIRC investigators, Richard CASEY (not witness), John FERGUSON, Garry SINCLAIR, Alexander MCGUIRE, Maurice RHODES and Stuart TAYLOR. At the conclusion of this briefing I travelled to Kirkcaldy Police Office with Investigator MCGUIRE.

About 1230 hours, whilst on route to Kirkcaldy Police Office, I again spoke by telephone with Mr David GREEN, COPFS. During discussions I provided him with a situational update on the incident and he clarified at this time that PIRC should investigate the direct interaction between the now deceased and the police and the events thereafter. This meant dealing with two locations, Victoria Hospital, Kirkcaldy and the area identified at Hayfield Road, Kirkcaldy.

About 1240 hours that morning I again contacted Detective Superintendent CAMPBELL by telephone. During this call I asked him to confirm that the police officers footwear was being taken and I also confirmed again that the status of the police officers was witnesses. He made me aware at this time that the police witness Detective Chief Inspector Stuart HOUSTON had been instructed to carry out a role as Scene Coordinator.

About 1305 hours, whilst still on-route to Kirkcaldy, I received a telephone call from Mr David GREEN. He informed me that he was arranging for a post mortem examination to be carried out on the now deceased by two doctors. He stated that it would be impracticable for this to be done on Monday 4 May, as the schedule was very busy, and enquired if it was feasible to carry it out that day. I gave him the opinion that this would be impracticable.

About 1330 hours that day, on arrival at Kirkcaldy Police Office, I met with senior police officers, including Detective Superintendent CAMPBELL. I also tasked the PIRC Investigators, witnesses John FERGUSON and Stuart TAYLOR to manage the scene at the hospital, in conjunction with the Police Scotland Scene Manager, and ensure the preservation and recovery of all available evidence. In addition, they were tasked to manage the recovery of the body of the now deceased from this location and the transfer to the City Mortuary, Edinburgh and subsequent booking in process.

In addition, I tasked PIRC Investigators, witnesses Gary SINCLAIR and Maurice RHODES, to manage the scene at Hayfield Road, Kirkcaldy, which had been secured and cordoned off by Police Scotland. This was to be done in conjunction with the Police Scotland Scene Manager, to ensure the preservation and recovery of all available evidence. In addition, they were tasked to oversee other matters related

OFFICIAL - SENSITIVE

WITNESS STATEMENT

to this scene, including the recovery of the clothing, footwear and officer safety equipment worn and used by the police officers involved in the incident.

About 1405 hours that day, accompanied by the other PIRC witnesses, I attended a meeting with Police Scotland, chaired by the police witness Assistant Chief Constable Ruaraidh NICHOLSON. Also present at the meeting were the police witnesses Detective Superintendent CAMPBELL, Chief Inspector Nicola SHEPHARD, Chief Superintendent Garry McEWAN, Detective Chief Superintendent Lesley BOAL and Detective Inspector Colin ROBSON. I requested Investigator McGUIRE to take notes on my behalf during that and any subsequent meetings with Police Scotland.

The police witness Detective Inspector Colin ROBSON gave an overview of the incident and stated that a number of members of the public reported a man with a knife chasing cars. Police officers subsequently intercepted him during which Pava spray was discharged at him, which had no effect. He also stated that the male was struck with police batons and was handcuffed to the rear and had leg restraints fitted. The male subsequently became unconscious, stopped breathing and was placed in the recovery position, where he was subsequently given CPR. He also stated that a female police officer had been assaulted after she attempted to escape from the male and a knife had been recovered at the scene and photographed. He also added that police batons had also been recovered at the scene and the male had been removed to hospital, accompanied by police officers. DI ROBSON stated that life had been pronounced extinct at 0904 hours at the hospital and there were no obvious overt injuries or identifying marks on the body.

DI ROBSON also stated that the police had received a telephone call from Collette BELL, Colette Bell's home address at Arran Crescent, who provided the now deceased's details and confirmed that she had received a telephone call from a Martyn DICK stating that he had been at a friend's house watching a boxing match and that there had been some friction and the deceased had felt disrespected. He stated that she had contacted the police and returned home and found the house in disarray. At that point there was still no formal identification of the deceased as Sheku BAYOU.

During this meeting it was agreed that the Police Scotland priorities were to maintain the security of five scenes, namely, Hayfield Road at Hendry Road, Colette Bell's home address at Arran Crescent, Victoria Hospital, the home address of Martin DICK (later identified as Dick/MacLeod home address) and the home address of Zahid SAEED (later identified as Saeed home address).

Updates were also provided for various aspects of the incident and I was made aware that Chief Inspector Conrad TRICKETT was dealing with matters related to the police officers welfare. It was also confirmed that Family Liaison Officers (FLO's) were on route to the office and were soon to be deployed by Police Scotland to the family home in Kirkcaldy and the next of kin were to be informed of the death of the now deceased. The FLO's were later identified as Detective Sergeant Kevin HOULISON and Constable Jane BELL. I also confirmed the status of the police officers involved in the incident as witnesses and PIRC were seeking operational statements from the officers involved.

WITNESS STATEMENT

Also during the meeting I informed Police Scotland that following discussion with Mr David GREEN, PIRC would be dealing only with the scenes at Hayfield Road and the Victoria Hospital and would not deal with the scenes identified in the lead up to the incident, namely Colette Be's home [redacted] D ck/MacLeod home [redacted] and Saeed home [redacted] address at Arran Crescent, [redacted] address. [redacted] address. [redacted]. Agreement was reached that the PIRC would link directly with the officers managing the house to house enquiries for the relevant scenes. I requested that these enquiries continue, but any relevant witnesses identified would be revisited by PIRC.

After this meeting I spoke to Detective Sergeant HOULISON and intimated my intention to contact the family by way of introduction of the commencement of the independent investigation by PIRC and to inform them that at some early juncture PIRC FLO's would be introduced to them to take over responsibility for family contact.

During the course of the rest of that day I attended a number of meetings with Police Scotland to discuss a number of operational issues related to the investigation. During these meetings I reinforced the PIRC position that our initial priorities were to manage the two scenes, namely at the Victoria Hospital, Kirkcaldy where the body of the now deceased was in situ and under watch of Police Scotland officers, and Hayfield Road, Kirkcaldy where an altercation took place with officers of Police Scotland.

About 1515 hours myself and the other PIRC investigators had a meeting with the police witness Detective Chief Inspector Stuart HOUSTON, Scene Management Coordinator, to discuss scene management and forensic issues, during which agreement was reached on how the now deceased's body would be dealt with at the hospital. During this meeting, I requested that Detective Chief Inspector HOUSTON organise to have photographed a reported injury on the head of a female police officer, later identified as Constable Nicole SHORT, who was involved in the incident. I also requested that the Pava and CS canisters in possession of the officers were weighed before being lodged as productions. DCI HOUSTON agreed to this and confirmed that the canisters would be boxed first and subsequently weighed.

At some point during this meeting Detective Superintendent CAMPBELL entered the office and he informed me that the police officers involved in the incident had been advised by the Police Federation representative not to provide witness statements. At this point I asked Detective Superintendent CAMPBELL to inform the Scottish Police Federation representative that I would be willing to meet with them to clarify the officers status as witnesses. No subsequent meeting took place with them.

About 1540 hours that day I received a call from David GREEN, COPFS who confirmed that arrangements had been made for a post mortem examination to be carried out, commencing at 1200 hours the next day, Monday 4 May 2015.

About 1640 hours myself and the other PIRC investigators had a further meeting with the police witness Detective Chief Inspector Stuart HOUSTON, and agreed an approach to deal with the scenes at the Victoria Hospital and Hayfield Road. In this regard, a Forensic Strategy was formalised and agreed.

WITNESS STATEMENT

I established at this time that a wide reaching House to House strategy was being created by Police Scotland. Agreement was reached that PIRC would have sight of this and PIRC would conduct their House to House enquiries at the Hayfield Road location at a later stage.

About 1950 hours that day I attended a meeting with Police Scotland, chaired by Assistant Chief Constable Ruairaidh NICHOLSON. During this meeting updates were provided for various aspects of the incident. In particular, Chief Superintendent McEWAN indicated that he had recently returned from visiting the now deceased's family where they articulated significant concerns over information disclosed to them by representatives of Police Scotland, resulting in a perceived mistrust of local police. At this time it was revealed that the Police Scotland FLO's had not been deployed as previously intended and Chief Superintendent McEWAN and others considered it inappropriate to do so. Given this challenging change in agreed action, I intimated that I would consider the position and a potential alternative until the later deployment of PIRC FLO's.

It was also articulated at this meeting by Police Scotland that the officers involved in the restraint of the now deceased had been given advice by the Police Federation not to provide statements at that time.

At the conclusion of the meeting I made several attempts to contact Adi JOHNSTON who I had been made aware was the family contact and spokesperson. However, initially I was unable to contact him.

About 2145 hours that evening I contacted Mr JOHNSTON by telephone and arranged to call and see him and other members of the now deceased's family at his home address at [REDACTED].

About 2210 hours that evening, accompanied by Investigator Alexander McGUIRE, I attended at this address. I was initially introduced to Mr JOHNSTON, and I requested to speak to him in private. However, he showed me into the living room, where approximately 16 to 18 persons were assembled. Mr JOHNSTON introduced me to one of these people, his wife and the sister of the now deceased, Kadijatu BAYOH or JOHNSTON. After introducing ourselves and clarifying the PIRC and COPFS role, Adeymi JOHNSTON confirmed that he would be the spokesperson and point of contact for the family. A number of the people present appeared agitated and angry and Mr JOHNSTON began to outline his displeasure in the way that Police Scotland personnel had communicated information to him which differed and conflicted significantly. He intimated that he wished to make a complaint regarding this and I outlined the appropriate channels if he wished to make a complaint to Police Scotland.

During the discussions with the family I informed them that COPFS had made arrangements for a post mortem examination of the now deceased in Edinburgh on the afternoon of Monday 4 May 2015. I requested that two appropriate family members could make themselves available to attend the City Mortuary in Edinburgh to make a formal identification of the body. Mr JOHNSTON stated that the family had discussed matters and no members of the family were willing to do the identification until family members, including the now deceased's mother, came to Kirkcaldy. He

WITNESS STATEMENT

further stated that she was travelling from England with a group and would possibly arrive sometime the following day. However, he was not willing to be more specific in this regard. I thereafter left the family and informed them that contact would be made with them the following morning.

About 2335 hours that evening I telephone Mr GREEN, COPFS and made him aware of the family decision not to carry out the identification of the now deceased. He instructed that the post mortem examination would go ahead as scheduled and alternative arrangements for identification of the body would be made.

About 1030 hours on 4 May 2015 I contacted Adeymi JOHNSTON by telephone. I confirmed with him that COPFS had confirmed that the post mortem examination would go ahead as scheduled, however he reiterated that the family were not willing to attend to carry out the identification of the body. I also asked Mr JOHNSTON if he would be willing to meet with myself and Investigator Alastair LEWIS, who had been given duties to act as the FLO. He declined this invitation and told me that he had engaged a solicitor, Amer ANWAR, to act on behalf of the family and who would contact PIRC in due course. A short time later I provided MR JOHNSTON with a contact telephone number for Alistair LEWIS.

On Tuesday 2 June 2015, accompanied by the witness Investigator Ross STEWART of PIRC, I attended at Kirkcaldy Police Office to obtain additional statements from police witnesses.

About 0940 hours that morning, in the presence of Investigator STEWART, I commenced taking an additional statement from the police witness Detective Inspector ROBSON. This concluded about 1555 hours. During this period I showed extracts of:

Prod No Working Copy 2 of PIRC Production 269

This was CCTV material that showed footage of the Vauxhall Astra motor car driven by the police witness ROBSON arriving at the locus. He confirmed this and also confirmed that his initial recollection and account of where he parked his vehicle on arrival was clearly incorrect, however that was how he recalled that part of the incident.

He was also shown a section of CCTV material on the same disc that showed him walking past the now deceased on the ground with a number of police officers around him. He confirmed the identity of a number of these officers as referred to earlier in his statement.

Near to the conclusion of the statement I produced to the police witness ROBSON;

Prod No Aerial Photograph and Map of Area Around Locus

Prior to taking the statement from the witness, at the PIRC offices in Hamilton, I produced two printed sheets from an on line search of Google Maps. One sheet gave a close in map view of Hayfield Road and surrounding area. The second sheet

WITNESS STATEMENT

was an aerial photograph providing a wider view of the same area. This was later lodged as a production.

At my request the police witness ROBSON wrote crosses on the first sheet to identify locations of police officers, police vehicles and police batons when he initially arrived at the scene. He also identified where a knife was found at the scene. I subsequently noted on the sheet what was identified and this was noted in his statement.

The police witness ROBSON signed the labels of the relevant documents.

On the morning of Thursday 4 June 2015, accompanied by the witness Trainee Investigator Lynn UNGI of PIRC, I attended at the Scottish Police College, Tulliallan Castle, Kincardine for a pre-arranged meeting with the police witness Constable Craig WALKER, an officer who was directly involved in the restraint of the now deceased Sheku BAYOU on 3 May 2015. My understanding was that he had arranged to attend there through a solicitor representing him and other officers to provide a statement regarding his involvement in the incident.

About 1155 hours that morning, in the presence of the witness UNGI, I began the process of obtaining a statement from Constable WALKER. I confirmed that he was aware of the role of the PIRC and the nature of the investigation. I also confirmed my intention to obtain a witness statement from him regarding the circumstances of the incident. I also explained to him that I may take ;

Prod No Statement Notes - Constable Craig Walker

on separate sheets of paper to assist in taking the statement, which I would subsequently allow him to read and initial. This document would be retained as a production.

I began by asking Constable WALKER to provide a verbal account of his involvement in the incident. At this point he produced;

Prod No Statement of PC Craig WALKER

which he stated he had previously prepared. This was a printed typed copy which did not have his details on it. I asked Constable WALKER to append his name, designation, police station and sign each page of the five page statement which he did. I then took possession of the statement as a production and attached a documentary backing sheet which he also signed.

Constable WALKER then read over the content of this statement. I then obtained a written statement from Constable WALKER, concluding about 2110 hours that night. However, a number of recorded breaks were provided during this time and food and refreshments provided. The statement was obtained in line with a generic document allocated to me by PIRC management, namely;

Prod No Witness Interview Strategy in Relation to the Death of Sheku Ahmed
Tejan Bayoh D.O.B 30/09/83

WITNESS STATEMENT

During the interview I also showed Constable WALKER;

Prod No OST Scope Record of PC523 Craig Walker P Division, Police Service of Scotland

He checked this document and confirmed that the recorded training and courses information was accurate. Near the conclusion of the statement I also produced to him a document;

Prod No Satellite View of Hayfield Rd/Hendry Rd, Kirkcaldy & Map of Hayfield Rd/Hendry Rd, Kirkcaldy

I requested that he mark in pen on the map the position of the police vehicle when he brought it to a halt at the scene and the first point of contact with the now deceased. I also asked him to indicate the point on the map where the now deceased was restrained. Constable WALKER updated the map as requested and signed the attached documentary backing sheet.

On conclusion, Constable WALKER signed the statement and also the four pages of notes taken by me during this period. He left my company about 2110 hours.

On Wednesday 10 June 2015, accompanied by the witness Investigator Kareen PATTENDEN of PIRC, I attended at Cowdenbeath Police Office to obtain a statement from the police witness Constable Shirley BUTTERCASE who I was made aware was responsible for the administration of CS and Pava spray for P Division, Fife of Police Scotland.

I began taking her statement at 1130 hours and concluded about 1600 hours. At the conclusion of the statement Constable Buttercase checked the content and signed each page of the statement. During the course of the statement I took possession of the following certified copies of documents from Constable BUTTERCASE;

Prod No Copy of Excel Document Detailing CS Spray Issue for P Division (12 pages)

Prod No Copy of CS Issue and Weight Record (6 pages)

Prod No Copy of Pava Irritant Spray Master Schedule re CID Kirkcaldy (1 page)

Prod No Copy of Issue Receipt For CS Spray re Constable James McDonough Dated 4/12/14 (1 page)

During the interview I also showed her 13 Police Scotland Scope and other printouts regarding CS and Pava records for the individual officers involved in the incident, namely;

Prod No SCOPE Printout of Personal Equipment and Identifier of CS Spray Serial Number 659081 Issued to Officer PC435 James McDonough

OFFICIAL - SENSITIVE

WITNESS STATEMENT

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 608227 Issued to Officer PC724 Daniel Gibson

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 659103 Issued to Officer PC694 Alan Paton

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 645498 Issued to Officer PC349 Scott Maxwell

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 645521 Issued to Officer PC1014 Nicole Short

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 632255 Issued to Officer PC1035 Alan Smith

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 647424 Issued to Officer PC691 Ashley Tomlinson

Prod No SCOPE Printout of Personal Equipment Identifier of CS Spray Serial Number 632307 Issued to Officer PC203 Kayleigh Good

Prod No PAVA Canister 04303 Issued to DS918 Samantha Davidson Printout From Police Scotland PAVA Co-ordination Sharepoint Register

Prod No PAVA Canister 04285 Issued to PC523 Craig Walker Printout From Police Scotland PAVA Co-ordination Sharepoint Register

Prod No PAVA Canister - 04301 Station Issue Printout From Police Scotland PAVA Co-ordination Sharepoint Register

Prod No PAVA Canister - 04303 Station Issue Printout From Police Scotland PAVA Co-ordination Sharepoint Register

Prod No PAVA Canister - 04285 Station Issue Printout From Police Scotland PAVA Co-ordination Sharepoint Register

She signed relevant documentary backing sheets and certification forms attached to each document.

About 1135 hours on 16 June 2015, accompanied by the witness Kareen Pattenden of PIRC, I attended at Cowdenbeath Police Office and took an additional statement from the police witness Constable Shirley BUTTERCASE. During the course of this statement I took possession of the following document from her;

Prod No Copy of Pava Irritant Spray Master Schedule Re Team 4 (1 Page)

She signed the appropriate schedule and documentary backing sheet attached to this document.

OFFICIAL - SENSITIVE

OFFICIAL - SENSITIVE

WITNESS STATEMENT

About 1100 hours on 17 June 2015, accompanied by Investigator Kareen PATTENDEN of PIRC, I attended at the Police Scotland Firearms Section, Scottish Crime Campus, Gartcosh where I lodged the following items for examination;

Label No Pava Spray PC 040523 Craig Walker (Discharged)
Label No AM033 CS Spray PC691 Ashley Tomlinson (Discharged)
Label No AMO50 CS Spray PC724 Daniel Gibson
Label No Pava Spray JM029 DS 918 Samantha Davidson
Label No AM056 CS Spray TPS349 Scott Maxwell
Label No CS Spray JM038 PC435 James McDonough
Label No CS Spray JM017 PC1014 Nicole Short
Label No CS Spray JM007 PC203 Kayleigh Good
Label No AM074 Pava Spray DC405 Derek Connell
Label No AM023 CS Spray PC1035 Alan Smith
Label No AM019 CS Spray PC694 Alan Paton

Prior to submitting these items for examination I completed an SPA - Forensic Services Examination Request form detailing the request and this was submitted with the items. I have signed the relevant production labels.

About 1405 hours on 8 July 2015, accompanied by Investigator John McAULEY from PIRC, I attended at Kirkcaldy Police Office and met with the police witness Detective Sergeant Robert MORE. I took possession of from him,

Label No Police Scotland Standard Issue Notebook 019166 to PC Craig Walker

This item was subsequently lodged as a production at the PIRC offices.

About 1155 hours on 22 July 2015, accompanied by the witness Investigator Alexander MCGUIRE, I attended at the home of the witness Martyn DICK at [REDACTED] D ck/MacLeod home address. [REDACTED] and met with the witness Zahid SAEED. This was a pre-arranged meeting to obtain an additional statement in relation to the investigation. The purpose of the statement was twofold, firstly to obtain additional background information on the deceased, and secondly, to interview Mr SAEED regarding intimation from the family solicitor, Mr ANWAR, that Mr SAEED wished to make a complaint regarding his treatment by Police Scotland officers on 3 May 2015. The witness SAEED claimed that he had little memory of the incident on this date and did not provide any additional background information of value.

OFFICIAL - SENSITIVE

WITNESS STATEMENT

I thereafter took details of his complaint about two CID officers, which was outlined in his statement. His memory in this regard was significantly better. About 1700 hours that day the witness SAEED told me that he had another scheduled appointment and wanted to terminate our meeting and re-schedule completion of the statement to another time. I arranged to meet him at 1100 hours on 24 July 2015, however he did not subsequently attend this meeting.

About 1310 hours on 29 July 2015, I finally met with the witness SAEED at his parents' home at Saeed home address [REDACTED]. In the presence of Investigator Alexander MCGUIRE from PIRC I completed his statement. This was read over to him and some minor amendments and additions were made to the statement at his request.

This statement is a true and accurate record.
