Spoke with the two Federate

after the officers had all attended
Amador SUMMER.

Identified that Amador given is a
witness and we believe it may
be a conflict for her to be involved
in supporting the officers during the
trial of their testimony. It is to
be agreed and noted if she could
introduce Miguel at the time.

She also indicated that she is providing
welfare support to PC Nicole Stone
for the [redacted] in
light of her needs, I agreed that
the welfare of PC Stone outweighs any concerns
of the conflict of interest and Amador given
can attend at Castle Rock and provide support,
