Home visit as requested by Adli Johnstone. Initially this visit was as an introduction to Adli and to obtain a list of clothing required by the partner, Collette, as the house still secured by Police Scotland. Myself and John Clerk then subjected to intense questioning by a large contingent of the family. Occasionally hostile and frustrated about what Police Scotland had done or told the family differed from that of the fire.

Eventually managed to speak to Adli at the front door and placate him and explain our role. He reiterated Amer Anwar would be contact for the family
